

## BTPRSM News, Events & Fundraisers

June 2013

Good Afternoon BTPRSM Supporters,

Well, this is gearing up to a busy summer.

We have some great news with current adoptions! Harley, Bosco (now Speck), Daisy, Lexi, Maya, Elise, Finn, Harlow, Archie and Nushi (now spelled Nucci) have all found their forever homes. Each one of them found a perfect family to match their personalities. Congratulations to the new families that get to have these little furkids in their lives!

In other rescue news...with the increased and sudden intake of local dogs, our vet bills are going through the roof. Recently, Roxy the black pug went in for emergency surgery to have bladder stones removed. She had 4 very large stones and many tiny ones some as small as grains of sand. She also had a dental cleaning with a few extractions, had her narrow nares widened and had her elongated palate trimmed. Her total bill was just over \$2000 after all the surgeries were completed.

A few more surgeries will be happening in the next few months as well:

Kinsey the pug was surrendered to our rescue. Our vet did a through exam and found she had a very loose right knee, and her left knee isn't as good as it could be either. So under the vet's discretion, we are waiting for Kinsey to stop growing, as her growth plates still need to fuse and hopefully by September she will be having surgery on her luxating patellas. We will know by September if she will be having a double surgery or just her right knee.

Layla was another pug who was surrendered to our rescue. Layla will be having her narrow nares widened and her elongated palate trimmed, but first we need her to lose some weight. She is a little too large right now to go under anesthesia and we would never put her at risk. So she has cut back on the food, treats and goes for lots of walks to help her work off some of the weight so she can have her surgery.

Scooter our 10 year old Boston Terrier is also on a restricted diet. He had to lose some weight as he came in quite large for his age and size. Scooter will be having his cherry eye corrected; as well he will have his elongated palate trimmed and a dental cleaning with some extractions. We have recently discovered that Scooter will need to start taking shorter walks as he is getting a little sore on his walks. We will be taking Scooter to the vet this Friday to talk a little more about what we can do for him to help with possible arthritis.

Sadie our newest Boston Terrier is also going to the vet on Friday to see Dr. Sra to talk about her hips and knees. Poor little girl is only 20 months old and has already had laser therapy on her hips. Also, her knees are loose. On the plus side, she has a family waiting to meet her this weekend. ☺

Lastly, we have a spay and a few neuters that will be done in August for Nucci, Toby (Nibbler), Patch (Jax) and Toro. Harlow was spayed when our vets corrected her inguinal hernia.

Toro will also be possibly undergoing a leg amputation at the same time. We will be consulting with our vet as to see if he has developed enough muscle in his leg to compensate. This surgery is required for Toro to have a pain free life, because if the leg is not amputated he will develop arthritis in the deformed leg. Toro is a happy little guy and we know he will make a great little tri-pod. Stay tuned for updates on Toro.

With all these surgeries we need to raise some much needed funds to help us offset the costs of vetting, as we all know the adoption fee doesn't cover the vetting we put into these little ones.

As always we accept donations through the mail, on our account at Southglen Veterinary Hospital or PayPal.
